

Adriaan van der Weel

Adriaan van der Weel is emeritus extraordinary professor of Book Studies, University of Leiden, the Netherlands. His research focuses on the screen revolution in textual communication and reading. As vice-chair of the COST Action 'E-READ', about the future of reading in the digital age, Van der Weel was co-author of the 'Stavanger Declaration Concerning the Future of Reading' (2019) and the 'Ljubljana Manifesto on Higher Level Reading' (2023). His latest book, co-authored with Ruud Hisgen, is entitled *The reading human: How the book defines our existence* (2022; in Dutch).
